- **Leffler back in the seat of the No. 38 Great Clips Camry...** This weekend at Nashville Superspeedway, Leffler will return to the seat of the No. 38 machine. Leffler is splitting his time this season, piloting Braun Racing's No. 10 Camry (eight races) and No. 38 Camry (27 races), to compete for the 2010 driver championship.
- **Leffler is a previous winner at Nashville Superspeedway...** In June, 2004, Leffler captured his first career Nationwide Series win at Nashville Superspeedway. In 10 starts at the 1.33-mile oval, he has accumulated one win, four top-five and six top-10 finishes with a total of 125 laps led.
- **Leffler on SIRIUS' Morning Drive every Wednesday...** Don't forget to tune in to SIRIUS Radio's "Morning Drive" with Mike Bagley and Pete Pistone every Wednesday at 10:30am to hear Leffler's take on recent events in the Nationwide Series and what you can expect from the week's upcoming race.

### **Leffler on racing at Nashville Superspeedway**

"I always enjoy going back to Nashville. It has always been a good track for Braun Racing and especially the No. 38 Great Clips team. This race couldn't come at a better time for us. We have struggled a little bit during the early part of this season. We are a team capable of top-five finishes every week but we haven't gotten the job done so far this year. This is a great place for us to get things turned around. We just need to capitalize on our previous success here by qualifying up front, running a smooth race and being there at the end to contend for the win. I already have one Gibson guitar trophy but I would love another one to add to the collection for my son, Charlie! This is also the first race of Nationwide's Dash-4-Cash program and I'd certainly like to be up front at the end of the race battling it out for that \$25,000 bonus!"

### **Equipment Information**

The No. 38 Great Clips team will hit the track with chassis #BR025 in this weekend's Nashville 300. This is the same chassis Leffler raced last season at Iowa Speedway and Dover Motor Speedway, finishing third and sixth respectively.
